CASE # 14-MD-2543 (JMF)

Hello: Magistrate J. Cott

I'm writing you about JND Legal Administration how they build up my Expectation as a Claimant and other Claimants as well from what I noticed from Social Media that they were going to be finished with the GM Ignition Switch Economic Settlement Claims for the Claimants By JULY 19, 2021 after that date Payments would start they kept that info on their website until the date of JULY 19, 2021 . Then they removed it from their Website on around that that date I Called JND and asked them what happen to the date they posted and Why was it removed the JND Rep. gave a sad excuse in my opinion she said an individual in the company had Posted that date and they shouldn't have posted that date on the Website. And now Currently on JND Website I Seen Claimants will have to wait until the Fall of 2021 to Receive Payments THAT'S NOT RIGHT !! I wonder if they will Change the Time again in the [REDACTED]

[REDACTED]
anything you can do to assist me to get my Payment would be Greatly Appreciated and A Blessing as well the other Claimants.

I've Enclosed Claims Info and Proof of JND Date Change

UPDATE: The GM Ignition Switch Class Action Settlement was granted final approval on December 18, 2020. Please note that claims will not be paid until after the March 18, 2021 claim deadline. Let Top Class Actions know when you receive a check in the comments section below or on our Facebook page.

A \$121.1 million class action settlement has been reached to resolve a GM ignition switch lawsuit alleging a dangerous defect.

The settlement benefits individuals who owned or leased a subject vehicle before the vehicle was announced to be part of a recall. This includes consumers whose vehicles were affected by one of five recalls regarding the Delta ignition switch (NHTSA Recall No. 14v047), key rotation (NHTSA Recall Nos. 14v355, 14v394, and 14v400), Camaro knee-key issues (NHTSA Recall No. 14v346) electronic power steering (NHTSA Recall No. 14v153) and/or side airbags (NHTSA Recall No. 14v118).

Numerous vehicles are covered by each recall notice. Consumers can check their eligibility through the settlement website's VIN lookup.

GM vehicles have been subject to numerous recalls over the years, leading several consumers to file lawsuits against the auto company.

According to the plaintiffs involved in the recent settlement, the GM ignition switch recall and other issues have caused financial injury due to a lower trade in value, along with other issues.

The GM ignition switch defect allegedly stemmed from an issue with the switch circuitry which causes ignitions to switch from the "on" position to either the "standby" or "auxiliary position." As a result, the vehicles allegedly turn off and the air bags become deactivated.

Important Update: The Court issued Final Approval of the Settlement Agreement.

The deadline to submit a Claim Form was **April 20, 2021**.

The deadline to perform the Recall repair (the "Final Recall Repair Date") was **June 19, 2021**.

Settlement payments will be sent to eligible Claimants after the conclusion of the Settlement Claims Process, which is still underway.

Settlement payments are expected to be issued in the Fall of 2021. *NEW TIME FOR FWD TO PROCESS CLAIMS*

What is the Settlement About?

A proposed class settlement of economic loss claims by persons who owned or leased GM vehicles that were recalled in 2014 has been submitted for approval to the Federal District Court. The recalls involved the ignition system, key rotation, electronic power steering and/or side airbag wiring. Plaintiffs claim that consumers overpaid when they bought or leased these vehicles. General Motors LLC ("New GM"), the Motors Liquidation Company GUC Trust ("the GUC Trust") and the Motors Liquidation Company Avoidance Action Trust ("the AAT") deny these allegations. Plaintiffs, the GUC Trust, New GM and the AAT have agreed to a settlement to avoid the risk and cost of further litigation.

Who Is Included in the Settlement?

The Class, which is for Settlement purposes only, is defined as:

All Persons who, at any time as of or before the Recall Announcement Date of the Recall(s) applicable to the Subject Vehicle, own(ed), purchase(d), and/or lease(d) a Subject Vehicle in any of the fifty States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and all other United States territories and/or possessions.

The Class is comprised of five Subclasses. If a Class Member owned and/or leased more than one Subject Vehicle, they may be in more than one Subclass. More information on the five Subclasses can be found in FAQ 3.

Some persons, however, are excluded from the Class, including daily fleet rental companies, governmental entities, authorized GM dealers and persons who already released their claims as part of a different settlement.
